

### どんな活動を?

災害が起こったときの情報収集や情報伝達、避難 誘導など、いざというときに、被害を少なくするた めのさまざまな活動を行います。平常時は地域で 防災訓練などを行います。

# Have a family disaster prevention meeting at least once a month!

- 1. Decide roles during an emergency among your family members.
- 2. Check the places and contents of evacuation materials and stockpiles.
- 3. Confirm safe zones and dangerous zones inside and outside your home.
- 4. Decide a method to contact other family members in a disaster situation.
- 5. Check where to evacuate and how to evacuate (evacuation route).

# Do you know a Voluntary Organization for Disaster Prevention?

### What is a Voluntary Organization for Disaster Prevention?

When a disaster such as a large earthquake occurs, an ambulance may not be able to arrive soon. In that case, local residents' disaster prevention activities are essential for minimizing the damage. Take part in your local "Voluntary Organization for Disaster Prevention."

### What kind of activities?

The organization conducts various activities to minimize damage in a disaster, such as information gathering and providing evacuation guidance, and holds disaster prevention drills during normal times.
